To Our Readers.

Any neglect on the part of our Carriers to deliver the STANDARD at the proper time and place will be promptly remedied on application at the Publication Office, next door to the Bank of British Columbia, Government Street.

The Daily Standard.

Tuesday, January 12, 1871.

The Esquimalt Graving Dock.

The Council indulged, on Tuesday, in quite a discussion over the notice of Mr. Nathan, seconded by Mr. DeCosmos, to ask the Governor to send down a bill to guarantee out of the Colonial revenue to any company that would undertake to build a Graving Dock at Esquimalt, five per cent per annum on $500,000 for ten years, which was to commence twelve years hence, after the ten-year guarantee in the terms of Confederationshall have expired. Nothing of a tangible and practical nature was urged by the movers or supporters of the motion, to show that the guarantee in the terms of Confederation for the Dock was insufficient. These were allegations mainly proceeding from parties abroad who were interested in starting a company to build it, that the ten-year guarantee in the terms of Confederation was not enough. But nothing was adduced from engineers. On the contrary the Chief Commissioner of Lands and Works maintained that he considered that the guarantee in the terms of Confederation would be sufficient. The government members, except Messrs. Helmcken and Carrall, regarded the resolution as premature,—whilst Mr. Hamley in a very frank manner said that if the resolution did go up, the advisers of the Governor would recommend him not to grant its prayer. Mr. Attorney General Phillippo made a very able speech on the subject, and pointed out with great clearness and force, that if the Legislature did pass such a bill, it would be adding to the terms of Confederation. For under one section of the Terms Canada had agreed to become responsible for all the liabilities of the Colony; and if the Colony became liable to pay $25,000 a year to a Dock Company before Union, that Canada would be liable after Union. Whether his point could be maintained or not we cannot say, but we must admit it appears plausible. The failure of the resolution, however, we attribute to the too great haste of the parties having it in charge to urge it through. A little delay would have been more likely to have produced a better result. At most, however, the matter is but temporarily delayed. There are reasons for not doubting but the Dock will be built immediately after Confederation shall have taken place; if not with local aid,—certainly by the Dominion of Canada. We only wish we felt as sure of some other matters in connection with Confederation and our local interests as we do of the early construction of the Graving Dock. It may, owing to the high rate of labor here, cost a trifle over $500,000; but the new Graving Dock in course of construction in Glasgow, where labor is cheap to what it is here, will only cost from $300,000 to $350,000. This dock, says a recent Glasgow paper, will be 560 feet long by 55 feet in breadth, at the bottom; and 90 feet wide at the top. The entrance will be 62 feet clear. "When this Dock," says the journal from which we quote, "shall have been finished, the largest vessels that have yet been built, excepting the Great Eastern, can be berthed with the greatest ease; and, indeed, there will be ample room for two vessels of ordinary size." The difference in the price of labor here and on the Clyde ought, we think, to be covered by the $200,000 or $150,000 that the guarantee in the terms exceeds the estimated cost of the Glasgow Dock. The matter, consequently, resolves simply into the question whether any one will undertake to build the Dock under the Canadian guarantee. When a call for tenders shall have been made for its construction, after Union, we shall then have something very practical; and if the tenders should require an extension of the guarantee, we believe that it will be forthcoming, either from the local or Canadian Government. That the Dock will be built shortly after Confederation shall have taken place, we deem to be a certainty.

Kootenay Trail.

We observe that the member for Kootenay, Mr. Skinner, has given notice of motion asking that a sum of money be placed on the Supplementary Estimates to survey a trail through Eagle Pass. We must say that the hon. member for Kootenay has asked for very little. We would have preferred to see a sum for the survey, and also for the opening of the trail through Eagle Pass, so as to connect the Shuswap and the Columbia. From the best sources of information at our command, we are persuaded that not only the agricultural interest of the Thompson and Kamloops country suffer materially in consequence of the non-opening of the Eagle Pass route, but also the commercial interests of Victoria. In fact, the merchants of Oregon, the and farmers of Walla Walla and Colvile get all the trade of Kootenay. The one supplies flour and agricultural produce, the other general merchandize. The object so far as we can judge, which Mr. Skinner wishes to attain, and which is truly British Columbian, is to enable our farmers in the interior and our merchants here to supply Kootenay. The only obstacle in the way of diverting the trade in this direction is Eagle Pass. A small sum, we are told, not exceeding $3,000, will not only survey, but open a pack-trail to connect navigation on Shuswap Lake with Columbia river—a distance of 35 miles. From data in our possession, the proposed route to Kootenay is as follows:—Victoria to Yale, by water; Yale to Savana's Ferry, Lake Kamloops, over a good road, 134 miles; Savana's Ferry to the mouth of Eagle Pass, by water, 120 miles; through Eagle Pass to Columbia river, 35 miles; down Columbia river to the mouth of Kootenay, by steamer, 120 miles; trail up Kootenay river, 16 miles; up Kootenay, by water, to Flat Bow Ferry, 50 miles; thence 75 miles by land to Fisherville or Wild Horse Creek,—Palmer's Bar and Perry Creek being nearer. Hence, the total land transportation of merchandize between Victoria and Kootenay is only 262 miles,—about the same distance that it is from Yale to Soda Creek. The cost of transportation of merchandize from Portland to Kootenay is at least 11 cents; and from Victoria by the route indicated, we cannot place it higher than eleven and two third cents, viz.: Victoria to Yale, one cent; Yale to Savana's Ferry, ½ ct.; Eagle Pass to Eddy, on Columbia, 1½ cts.; Eddy to Kootenay, 1 ct.; Kootenay mouth, by land, to Lake, 1 ct.; to Flat Bow Ferry, ½ ct.; thence to Fisherville, 2 cts. Total, 10½ cents. If to this amount be added one and one-sixth of a cent for road tolls, we have about 11½ cents for the transportation of goods from Victoria to Perry Creek. The duties on merchandize being lower here than in the States, it is to the advantage of the Kootenay trader and consumer to buy his general merchandize here and his produce on Thompson river. Now, the only bar in the way is Eagle Pass. If a trail were opened through it, we would command the entire trade of the Colony east of Columbia river. Hence, the motion of the member for Kootenay deserves support.

In the Supreme Court of British Columbia—In Bankruptcy.

WHEREAS A PETITION FOR ADJUDICATION of Bankruptcy, bearing date the 11th day of January, A. D. 1871, hath been duly filed against Thomas Golden of Victoria, Vancouver Island, Hotel keeper, and he having been declared a bankrupt thereunder is hereby required to surrender himself to the Chief Justice or a Judge of the Supreme Court of British Columbia, at James Bay, Victoria, aforesaid on Wednesday the 25th day of January instant, at 12 o'clock noon, and on Wednesday the 15th day of February next at the hour aforesaid, and make full discovery of his estate and effects, when and where the Creditors are to come prepared to prove their debt and at the first sitting to choose Assignees and at the last sitting the said Bankrupt is to finish his examination.

All persons indebted to the said Bankrupt or that have any of his effects, are not to pay or deliver the same but to Mr. Richard Woods, or to Mr. Charles E. Pooley, the Official Assignees, whom the Hon. Mr. Justice Crease hath appointed, and give notice to Mr. Robert Bishop of Bastion Street, Victoria the Solicitor in the matter of this Petition.

CARD.

IN CONNECTION WITH MESSRS. WALL and Gough, I came down from Nanaimo to solicit aid for the Distressed Families who have been compelled to appeare through us to the sympathies of the Public in the present crisis, brought about by what is called the Miners Strike, but which in reality is no such thing. This I could easily prove. At the present time, however I simply wish to state that my object in coming to Victoria was to endeavor to collect some means to alleviate the distress, which I know exists among the families of the miners of Nanaimo. My applications for this purpose have been responded to in the Spirit of Liberality, Characteristic of Victorians; But I regret to add that I have been challenged as "the head and front" of the Miners' Strike. I desire to disabuse the public mind of this idea by stating that I was absent in San Francisco when work in the coal mines was suspended, and have never attended any of the meetings upon the subject in dispute.

My Mission here is simply to use my humble endeavors to raise sufficient funds to afford temporary relief to those who I know are suffering. For the truth of this statement my colleagues will vouch, they having been residents of Nanaimo for many year and are not in need

Rebuilding of the Cathedral.

NOTICE TO ARCHITECTS.

THE CHRIST CHURCH BUILDING Committee invite Architects to send in by the 31st March next, Designs, Working Drawings and Specifications, under seal addressed to the undersigned, for a Wooden Framed Church capable of seating 500 persons, to be plastered inside and rough-cast outside, to be built on a foundation of Mubble-Stone masonry, on the site of the former Cathedral, on Church Hill, Victoria, British Columbia. The cost of the building is not to exceed $10,000. The Committee are of opinion that Gothic would be the style most suitable to the site and material of construction proposed.

A premium of $200 will be paid for that Design and Drawings which may be selected by the Committee and which will be retained as their property. All other plans sent in will be returned under seal to the respective designers of the same.

By order of the above Committee,
HENRY P. PELLEW CREASE,
Hon. Secretary.

Auction Sale To-Day.

J. P. DAVIES & Co.....Wharf street.....Will sell at Salesroom at 12 o'clock City Property and Farming Land.

GOING HOME.—Among the passengers who will leave on the Pcific to-day, are Capt. Pender, R. N., Lieut. Coghlan, R. N., and Lieut. Brodie, R. N., of the Coast Survey. Capt. Pender has been here over twelve years. Those portions of the coast of British Columbia, Vancouver Island, and Queen Charlotte Island that were left unsurveyed when Capt. Richards, R. N., was ordered home have been finished under his superintendence. He has been instrumental in doing a national work that entitles him not only to the thanks of every Colonist but the nation, and for which he ought to receive an appropriate reward from Her Majesty's Government. No officer of Her Majesty's naval service in these waters was ever more universally popular with all classes of our people than he has been. Whilst his departure is universally regretted, still he carries with him from our shores the best wishes of all for his future happiness and success. Lieut. Coghlan though not so long a resident among us as Capt. Pender, is admittedly a talented young officer who has rendered good service in mapping our coasts, and leaves hosts of warm and earnest friends who will ever entertain for him a pleasing recollection; and if ever the wheel of fortune should return him to our shores they will greet him with a hearty welcome. Lieut. Brodie has also taken his full share with his brother officers in all the arduous duties connected with the Coast Survey; but he has done more. He has taken such an active part in social gatherings and contributed so much in a thousand ways to the amusement and gratification of our citizens, that all regret his departure, while every one would welcome his return. Dr. Evans, surgeon to the surveying expedition, will remain in charge of the Naval Hospital at Esquimalt, and Mr. Bonwick, the engineer, has retired from the service and become a permanent resident of this Colony—where he has been connected with the surveying force for as long a period as Capt. Pender.

DARING ROBBERY.—On Tuesday night or early on Wednesday morning, the Grotto Saloon was entered by burglars, through the back door, and several articles stolen. It appears that the robbers entered the room where Mr. Hudson was sleeping, and took a pair of pants which had $10 in the pockets, a pair of boots and a hat, also entered the saloon and took a few dollars which was left in the drawer. In the morning Mr. Hudson found his pants in a shed at the rear of the saloon, but the money which was in the pockets was gone. There was a very watchful dog in the place and it appers very strange he did not make any noise so as to awake Mr. Hudson. No clue as yet has been found who the perpetrators of this act are.

ALMANAC.—Yesterday Messrs Sproat & Co. agents for the Royal Insurance Company in this city laid upon our table an almanac for 1871, containing all the reports of the business transaction of the Company for the past year, and a scale of the customs duties charged on goods imported into the United Kingdom, besides a diary of the Franco-Prussian war from the commencement up to the capitulation of Metz. The almanac is very useful and contains a great deal of information.

CHANGE HANDS.—Mr. Lewis Lewis, proprietor of one of the oldest clothing stores in this city, yesterday, disposed of his business to Mr. W. J. Jeffrys, who will in future carry on the same. From Mr. Jeffry's well-known business qualities and his intimate acquaintance with the mining population, there is no doubt but he will be largely patronised. He has already made large additions to his stock, and will continue the business in the old stand of Mr. Lewis Lewis, on Yates street.

SUPREME COURT.—Before Justices Begbie and Crease.—The cause of the winding up of the Queen Charlotte Coal Mining Company (limited) came up for hearing yesterday, in the Supreme Court, and was ordered to stand over for one week. Messrs. McCreight and Robertson, instructed by Messrs. Drake, Jackson & Aikman, appeared for the Company; and the Attorney General, instructed by Messrs. Bishop and Courteney, for the defendants.

OUTWARD BOUND.—The following are the passengers who will take their departure this morning on the steamer Pacific: Capt Pender and wife, Lieuts. Coglan and Brodie, U. Nelson, wife and four children, J. Seitz, Col. Stevens, F. A. Utter, L. G. Algan, H. Waller, W. Dalby, Mr. Bridgeman and wife, H. P. Walker, Mrs. E. Barlow, Mrs. J. Weiss and Miss.

PROPERTY SALE.—Remember the sale of homestead and other property to-day, at the salesroom of J. P. Davies & Co. at noon. The property to be sold is advantageously situated in the principal business streets in the city, and the farming land in Shawnigan District is excellent. At the same time there will also be 50 Spring Ridge Water Company shares disposed of.

LOST.—On Tuesday Mr. Todd's sloop, the Atlanta, was crossing from the American Garrison, San Juan Island to Cadboro Bay. A splendid horse was on board, and the weather became so rough that the Captain of the sloop was compelled to throw him overboard. The sloop being a long distance from shore, the animal was drowned.

QUICK DISPATCH.—The schooner Clara Light which arrived in port on Tuesday afternoon, from San Francisco, finished discharging freight, yesterday afternoon, having discharged 100 tons in six hours. She will leave for Puget Sound this morning, to load with lumber.

PRACTICAL GARDENER.—Messrs. Jay & Bales, seedsmen, Yates street, have laid on our table a copy of "Carter's Practical Gardener." It is an interesting little volume, and should be in the possession of all who either practice gardening as an art or for pleasure.

ANOTHER PIONEER GONE.—Mr. Charles Moes, an early pioneer of this Colony, and one of the first pilots on the Fraser river, takes his departure this morning for Lower California, where he is in hopes of recovering his health, which is in a rather precarious condition.

CAKE RAFFLE.—The raffle for the big cake, at the Adelphi Saloon, took place last evening. Mr. Peter Cargotich was the lucky winner, having thrown 46, being the second time that he has won the cake on the same number.

MARSHAL MCMAHON.—We learn by our late exchanges that this distinguished French General declines to associate himself with any intrigue for the restoration of Emperor Napoleon, and since his convalescence resolutely refused all invitations to proceed to Cassel.

NEW GOODS.—Jouvin's Gloves, &c., just received at the Victoria House. *

BACHELOR'S BALL.—The Ball given by the Bachelors of this city, at the Alhambra Hall last night, was a brilliant affair. Dancing was kept up until an early hour this morning, and everything passed off very pleasantly.

WHALING.—Mr. Kiel, of the Howe Sound Whaling Company arrived in town yesterday, from the station. The Company have stopped operations for the season. The total number of whales secured was ten.

FOR SAN FRANCISCO.—The steamer Pacific Capt. Stothard, will leave at 10 o'clock, this morning.

RECOGNISANCE ESTREATED.—The case against Amelia Copperman for forgery, was called in the Police Court yesterday, and the accused not appearing the recognisance was ordered to be estreated.

FOR PORTLAND.—Up to a late hour last night the steamer California had not arrived from Nanaimo. Consequently, she will not leave for Portland until to-morrow morning at 8 o'clock.

CANADIAN OATMEAL.—The first importation of Canadian oatmeal was received yesterday, by Fell & Co., from Toronto. It is equal to the best Scotch.

FOR THE MAINLAND.—The steamer Enterprise, left yesterday morning, at 8 o'clock for the mainland, with a few passengers and a Cariboo mail and express.

SNOW.—About two o'clock, yesterday morning, the first snow made its appearance in this city. It continued snowing and freezing nearly the whole of yesterday.

COLD.—Yesterday was the coldest day we have had this year. The thermometer was 1° below freezing.

THE SCYLLA.—This vessel will leave Esquimalt to-day, for a cruise to the Hawaiian Islands and the South Pacific.

THE Legislative Council will meet to-day, at 1 o'clock.

Petition Respecting Trails to the Omineca Mines.

Presented by the Hon. Member for Cariboo, on Monday Jan. 9th, 1870.

To His Excellency Anthony Musgrave, Governor of British Columbia &c. &c., and to the Honorable the Legislative Council of British Columbia.

The undersigned, residents of British Columbia, desire to present the following Petition:—

The exertions of a few men have now established the fact that there is a large and extensive Gold Field, lying upon the tributary streams of Peace River, which bids fair to equal Cariboo in richness, and surpass it in extent. The Gold Field extends from the Valley of Peace River to a line about forty miles east of Tatlah Lake, and embraces one of the most inaccessible portions of British Columbia.

During a very short space of time, one creek alone yielded about Seventy Thousand Dollars to the labor of about one hundred men, some of whom worked five weeks, and many of whom worked only two weeks in the bed of the stream. The average yield of each day's labor is known to have been over twenty-five dollars.

Many other creeks have been prospected, giving a certainty of five or six dollars per day; and another creek prospects equally as rich as Germansen Creek.

The difficulty of access to this region has as yet rendered the price of provisions enormous, averaging from $1 12 to $2 50 per lb.

Hitherto the sum of One Thousand Dollars only has been given by the Government for exploring this vast region, while many thousands have been expended by private individuals.

The explorations of this hardy band of pioneers during the past summer have established the following facts:—

1st—That the only cheap method of transport through the country is by water travel;

2nd—That a point exists where the waters of the Fraser River and the waters which flow to the Arctic Ocean are but ten miles distant, and a low and almost level pass connects the two;

3rd—A waggon road of ten miles in length, over which boats and provisions could be carried, would enable the miner or merchant to transport his supplies from Quesnelmouth to the mouth of Germansen Creek;

4th—After leaving this portage, the distances would be as follows:—

Down Crooked River to McLeod's Lake	70 miles
Thence to Parsnip River	25 "
Thence to Omineca River	115 "
Up to Germansen Creek	70 "
	280 "

Of this distance, except 65 miles, all crafts bound to Omineca would have the advantage of a favorable, though sluggish, current. The greater part is well adapted for steamboats. The remaining eighty-five miles contain but two canyons, around which freight would have to be transported during the season of high water only;

5th—The expense of constructing this waggon road would probably not exceed *Ten Thousand Dollars*;

6th—An additional expenditure of *Four* or *Five Thousand Dollars* would clear the banks of the Crooked River and the Omineca, so that loaded boats at any stage of water could pass in either direction;

7th—A further outlay of *Fifteen Thousand Dollars* would construct a good and practicable trail from Quenelmouth, by way of Stuart's River and McLeod's Lake, crossing Nation River direct to Germansen Creek, over which beef cattle and pack animals could be driven during summer, and miners could pass in winter. Plenty of feed can be found on the entire length of this trail;

8th—By the expenditure of the above sums the cost of living would be reduced during the ensuing season at least 75 per cent., and a means of exit furnished to the miner, who desired to leave that country after the winter had begun.

We therefore humbly pray Your Excellency, that in view of the foregoing facts, you will be pleased to place upon the Estimates for the ensuing Session of the Legislative Council the sum of *Thirty Thousand Dollars*, for the purpose of opening the above trails, after the necessary surveys have been made, and for making a waggon road across the "Giscome Portage."

And your petitioners will ever pray.

(Signed) JAS. ORR,
WM. RENNIE,
AND 397 OTHERS.

In less than two months the French lost, exclusive of the killed and wounded left in their own hands. One marshal, 30 generals, 3,250 officers, 104,750 men, (besides 14,000 wounded taken at Sedan), 10,280 horses, 56 eagles (at least), 102 mitrailleuses, 690 field pieces and fortress guns, upwards of 400 boats, several pontoon bridges, magazines, railway trains, as well as immense quantities of weapons, munitions, clothing, forage and provisions.

☞ Memory presides over the past. Fell's Coffee over the present. The first lives in a rich temple hung with glorious trophies, and lined with tombs, but Fell's Coffee has but one shrine and that is every breakfast tab.e. Its atoms walks the *earth* like a spirit and can be found for sale at every respecnable dealers in British Columbia. Beware of spurious imitations. 1y *

California Correspondence.

SAN FRANCISCO, Jan. 4th, 1870.

EDITOR STANDARD:—I received a copy of your weekly, and consider it a creditable production. It occurred to me, as we have just concluded another year, you might like to learn how the last twelve months of San Francisco compare with those of Victoria, which you could not do through our local press, as it paints everything California *couleur de rose*. The year 1870 commenced with grain low and general business exceedingly dull, as the trade of Idaho, Montana, Utah, Nevada, and of a large part of the State was lost by the completion of the Central Pacific Railroad. Everybody had gone into real estate to his utmost capacity of money and credit, fully expecting that the wise men of the east would rush over the rail to buy up every lot and bit of rural property offered at any price asked for them, but instead of that not a purchaser offered, and the result is that they pretended to hold out for the same fabulous prices, in many cases they could not get 60 per cent. of them. Not a few of these land speculators are unable to pay the interest on their mortgages, so that what with arrears of interest the decline in the price of property, the banks have not only no margin, but in many cases their securities would not bring the money lent on them, yet there are not many foreclosures because the banks hope for a reaction, and if a selling out of the mortgages took place, confidence would be shaken and a panic ensue. A terrible expose was made of the affairs of the Bank of California, that had been trying to gobble up everything, lands, lots, mines, manufactories, &c., but having made very heavy investments and failing to realize its inflated expectations, money became scarce with it. The bank pretended to have immense sums locked up in wheat Bills of Exchange, and that it was scandalous for the United States government to have millions of coin lying idle in this city which could be advantageously exchanged for said bills and greatly benefit our citizens. The United States government placed three millions at the disposal of the bank; but it could not take one! This opened the eyes of many of its customers, and directed them to the London S. F. Bank opposite. The bank had a hard task to make the ripple; it sold out its mining stocks, which had been bolstered up, but fell down to nothing, the stockbrokers (or as your friend C. B. Young call them the eighty thieves) had an exciting time; they are about as accomplished a set of scoundrels as ever swindled the public, and they have in fact ruined half of San Francisco. The time when everybody and everything that came to the Pacific Coast and territories of the United States had to pay tribute for inevitable entrance through the Golden Gate is a thing of the past. Thus any new source of trade to the port is hailed with rapture. A great splurge was made on the arrival of one of Halliday's old steamers from the Sandwich Islands where she had connected with another steamer from Australia and New Zealand, and magnificent lines of stamers were conjured up, running between these ports laden down with rich cargoes and nothing is wanting but—simply to see these things. The Honduras Railroad, which will soon be completed, will in my opinion take all this trade and travel and a great deal more, The crops this year have been decidedly short, and the rise in price, which may benefit shippers and jobbers, came too late to do much good to many farmers. A great success is reported in the experiment of beet root sugar, which I can believe, because the soil is peculiarly adapted to the culture of the beet root, and the climate very favorable for the manufacture of sugar from it. Indeed I see no reason why this state should not supply half the Union with sugar. Though Rail road freights are still high, Chicago and other places east can compete with several local manufactories. The large foundries here are doing very little in consequence, and the builders of vehicles have no show whatever. The San Diego mines turned out to be a delusion and a snare which however enabled the founders of cities on paper to sell their lots at high prices while those who bought them and built on them were sold also. Where White Pine has enriched one, it has taken the last dollar of many and impoverished thousands; indeed the impecuniosity of a large member of the inhabitants of this city is frightful; a host of real estate agents, brokers professional men &c., &c., have the greatest difficulty in paying their office rent and the collection of debts is a tremendous task. You might naturally ask what has become of all the money? It is getting into fewer hands every day, and the payment of interest on mortgages, instalments on homesteads, assessments on mining stock, taxes and internal revenue absorb every available dollar. The Utah mines are not as your contemporary Jenkins says a fizzle, but what good will they do to California? they may take away some of its idle heads and bummers but will make no return. Has Victoria's last year been worse than that of San Francisco? I see by the abuse you receive from Jenkins, you must have established a raw on some very sensitive part of him, *i. e.* you are flourishing.

Men do with reason wicked wits abhor
But Jenkins wages, most unmanly war!

SPECTATOR.

Canadian Mail Summary.

By the arrival of the Pacific on Monday we have dates of Canadian papers up to the 27th December, from which we glean the following summary of news:

The Cornwall Woolen factory which was destroyed by fire, was insured in various companies for $153,000. The loss is estimated at $300,000.

Sir A. T. Galt, it is rumored, will shortly enter the Dominion Cabinet, replacing Mr. Dunkin, who, so the report says, will be one of the Judges of the new Supreme Court.

The 26th of December was observed as a general holiday all over the Dominion.

There is a good deal of agitation among the old Legislative Councillors on account of the expected appointment of Mr Smith, of Toronto, to the Senate, to fill the vacancy caused by Senator McCrea's appointment to a Judgeship. It is reported that Sir J. A. Macdonald has given a promise to the Legislative Councillors, that all other vacancies in the Senate will be filled by appointments from their number. It is also stated that the Hon. Robert Reed, M. P. for Hastings, will be appointed to the vacancy caused by Senator Crawford's decease. In Montreal it is thought that a great deal of opposition and excitement will be the order of the day at the ensuing elections, which will take place next February.

COMING EXODUS FROM PARIS.—The Paris correspondent of the New York *World* writes: The most alarming symtom of the hour is the great exodus from Paris which is to take place the instant peace is signed. In going down town this morning I met about twenty people, and this was their language; "Here comes peace, thank Heaven. The instant I can quit Paris, I go. I have shouldered my musket and risked my life on the ramparts. My duty is done—for the rest, they may fight it out. 'Twill be a terrible civil war. The days of June, 1848, will be nothing to it; then they were unarmed, now they are armed; have bombs in abundance and are desperate. I shall find Switzerland, or Belgium, a comfortable home until the tempest has spent its fury." The frightful distress reigns already in the Quarrier Mouffetard, Faubourg St. Antoine, and its northern neighbor Belleville.

A GILMORE, Merchant Tailor has removed his place of business to the store adjoining the Colonial Hotel, Government street four doors from Yates street, where he is prepared to sell at reduced rates, Custom Made Clothing and Gents' Furnishing Goods. Also Garments made to order according to the Latest Styles. *

WAR PREPARATIONS IN LONDON—EXCITING SCENES AT WHITEHALL.—The present alarming state of our relations with foreign Powers is exciting great commotion in naval and military circles here, and particularly in the governmental departments. The scenes at Whitehall remind one of what took place just before the Crimean war. Frequent telegraphic communications take place between the officials and the Admiralty and the heads of the fleet, and their is the utmost activity at the Horse Guards and Pall Mall. A letter has been addressed by the Government to officers on the retired and half pay lists asking them if there services can be reckoned upon in case it is found necessary to call on the the army reserve. Those officers who are on leave have been notified to hold themselvs in readiness to return to their posts at two day's notice.—*London Correspondent of Dublin Times.*

A correspondent writing of the Alsatians and their feelings toward the Germans, says that they are bitterly hostile to the latter as long as you talk German to them; but when you address them in French, the feeling of shame at their deficiency in the language which is claimed as their mother tongue overwhelms them, and they reply in German a good deal friendlier to the Germans than before.

The German papers having pointed out that Heligoland belongs rightfully to Germany, the London *Standard* says in reply; "To give up Heligoland would cost a great deal more affliction to the Heligolanders than it would to the people of great Britain. If the consent of the former, however, can be obtained by legitimate means to the transfer, there can be no objection to Germany being permitted to add this to the other resources of the Fatherland. To yield Heligoland, though it were even a bare rock, upon compulsion is, however, another matter altogether. No nation can attempt to take it by force, unless she is able to match England by sea; and at present we continue to think that Heligoland is tolerably safe. Not the less, however, ought the people of England, take to heart the insolent menaces which some Germans have permitted themselves to level at us under the unaccustomed excitement of victory."

NEW YEAR.—The wheel of time rolls with unerring precision, heedless of human hopes and fears, which serve but as passing landmarks to a course which they cannot impede. First comes Spring in the greenness and buoyancy of youth; vernal vestures are succeeded by the blossoming garb of summer which in turn gives way to the mellow ripeness of nature Autumn. Next comes hoary Winter with inclement mien, causing us to guard against his blustering attacks, and icy chills. Foremost to battle with the frigid visitant is A. B. Gray, who, anticipating the requirements of the present season, has lately received large additions to his stock of Dry Goods, comprising the latest Winter materials, also, a varied selection of fancy small-wares, suitable for the holidays. *

CHRISTMAS PRESENTS.—A beautiful assortment of Fancy Goods for the season, will be ready for sale at the London House, on Saturday next, Dec. 17th. *

EX PELICAN.—Officers' Water-Proof Rubber Coats, for sale at D. Green's clothing store, Government street, two doors from St. Nicholas Hotel. *

POCKET and office diaries for 1871, and illustrated and other almanacks for 1871, to be had at T. N. Hibben & Co.'s Government street. *

THE original cheap and Easy Shaving Shop at Fred Payne's, on the sunny side of Johnson street. 3m *

CARPETS.—Brussels and tapestry carpets of the latest designs, including the Royal Persian, with hearth rugs to match. A beautiful and large assortment of these goods have arrived by the Lady Lampson, and are now ready for sale at the London House, at very low rates. *

THE
ENGLISH BAZAAR.
MRS. JOHNSTONE
Has removed part of the Stock of
FANCY GOODS,
TOYS, CANDIES,
PLATEDWARE, CUTLERY,
to the NEW FRENCH HOTEL,
GOVERNMENT STREET.

Where she intends carrying on the Business she so successfully managed on Fort Street She begs to thank her former customers, and hope they will patronize her in her more extensive undertaking, assuring them that as she has made arrangements for the arrival of GOODS by each vessel from European Manufactories, that she is in a position to offer her wares at the **LOWEST PRICE** and that no attention shall be wanting to give the greatest satisfaction.

She takes this opportunity to warn all purchasers against **CHEAP CANDIES** as she sells none but from the well known House of Weatherspoon, whose guarantee and Analysis has proved that their Candies contain no whiting and other deleterious matter, and therefore purchasers should not look so much to Cheapness as the health of themselves and their children.

MRS. JOHNSTONE would further intimate that
TOYS,
CANDIES,
FANCY GOODS,
BISCUITS &c.
will be continued to be sold at her old stand FORT STREET, and so as to clear off the Stock Articles will be sold at 12½ per cent. less than the Market Prices.

Berlin and Other Wools, Pins, Combs, Needles, Brushes, &c.
OF THE BEST KIND.

PLATEDWARE from the Celebrated house of Elkington & Co. is Sufficient to guarantee the quality.

FRENCH JEWELRY
Will be kept in great variety, in fact a frequent visit to Mrs. Johnstone's New Bazaar will reveal that neither taste nor expense is spared in any department, and will afford amusement to all.

MAGIC SOAP.
Directions for Using Robinson's Magic Soap for doing a Large Family Washing in Two Hours, of Five or Six Dozen Pieces.

1. Cut up fine a bar of the Soap, and put one-half of it into your boiler with sufficient water to cover your white clothes to be washed, and let the Soap dissolve; then put your clothes in, stirring them, and let them just come to a boil; then pour out clothes and water into a tub and let them soak twenty or thirty minutes, stirring them round in the tub occasionally to loosen the dirt. Such articles as collars, wristbands or any article very dirty, should be rubbed through the hands a little while soaking in order to thoroughly loosen the dirt before boiling.

2. While your clothes are soaking put the other half of your cut Soap into your boiler, with sufficient clean water to boil, and let it be heating. After your clothes have soaked wring them out well and put into your boiling water, and let boil from 5 to 10 minutes; then rinse, blue and hang out to dry. If the above directions are followed, we will guarantee your clothes clean and white.

3. For your colored and woollen clothes use the same water you soaked and boil your white clothes with, only heating it up again, and pour it over your colored and woollen clothes, and let soak the same as your white clothes, also rubbing them through your hands while soaking, if very dirty. Then rinse in clear water, warm as your hands will bear, and you will thus accomplish a large washing in two hours.

By cutting up a bar of this Soap into two gallons water, and let boil until thoroughly dissolved, and then le ve to cool, you will have two gallons of beautiful SOFT SOAP, as good as Common Soap for general house purposes.

DR. CHING FUN—A CARD—EDITOR STANDARD:—Through the medium of your paper I want to state the very great good that has been done me by Dr. Ching Fun of this city, next door Kwong Lee & Co. For 24 years I suffered with neuralgia on the brain, which baffled the skull of three first-class American physicians. Latterly bronchitis attacked my right lung, and my eyes became awfully inflamed. Despairing of ever being cured I placed myself as a last resort in the hands of Dr. Ching Fun, and after five months treatment I am a well man and feel that I cannot sound the eminent Chinese gentleman's praises too loudly, so that all my countrymen similarly affected may visit him and find relief. Respectfully,
JOHN HENTON, of Kentucky, U. S.
